

What we learned this morning in
Kid's Connection

The Tabernacle

Main Point:

God lives among His people.

Christ Connection:

When Jesus died on the cross, the barrier between God and man was ripped in two. God would no longer dwell in a temple but now He would dwell in and among His people. God's people became the temple of God. Now His presence dwells continually in the hearts of Christians.

Family Discussion Starters:

- *Where did all the materials for the tabernacle come from?
- *Why did God want the people to build the tabernacle?
- *What does the ark represent?
- *What room in the tabernacle is made especially for the ark?
- *What does God say to put inside the ark?

Family Activity:

Talk about what materials would be needed to build a house. It should be a very long list. Talk about the instructions God gave to Moses for building His house (the Tabernacle).
